

Georgia Department of Agriculture

Dog and Cat Sterilization Program

The DCSP is funded from the sale of the Dog and Cat Sterilization License Plates and from private donations. The DCSP is designed to (1) help pay for dog and cat sterilization procedures performed by Georgia licensed and accredited veterinarians, (2) provide educational materials about the benefit of sterilization, and (3) promote the sale of the Dog and Cat Sterilization License Plate.

The financial assistance for sterilization procedures is:

(a) male cat	\$35.00
(b) female cat	\$45.00
(c) male dog	\$55.00
(d) female dog	\$65.00

The owner of the animal will be responsible for any additional surgical fees and expenses (e.g. vaccinations, pre-surgical blood work, surgical complications, etc.). The veterinarian's normal fees for the surgical procedure apply. The veterinarian must inform the owner or agent in writing of any additional procedures with additional charges prior to performing additional services. The DCSP is available to all residents of the state of Georgia. There is no requirement to show economic need to qualify for this program.

All licensed and accredited veterinarians may participate in the program. Each veterinarian must be approved for up to **three (3)** procedures each month. Veterinarians may request approval from the Department of Agriculture to perform a procedure by completing the *Veterinarian's Application for Financial Assistance* form for each procedure and transmit the completed form to the Department of Agriculture by fax, or regular mail. Below is a list of participating veterinarians.

Dog and Cat Sterilization Program Participating Veterinarians

BACON County

Padgett Veterinary Service
419 Market Street
Alma, GA 31510
