

# Georgia Department of Agriculture

## Dog and Cat Sterilization Program

The DCSP is funded from the sale of the Dog and Cat Sterilization License Plates and from private donations. The DCSP is designed to (1) help pay for dog and cat sterilization procedures performed by Georgia licensed and accredited veterinarians, (2) provide educational materials about the benefit of sterilization, and (3) promote the sale of the Dog and Cat Sterilization License Plate.

The financial assistance for sterilization procedures is:

(a) male cat	\$35.00
(b) female cat	\$45.00
(c) male dog	\$55.00
(d) female dog	\$65.00

Licensed and accredited veterinarians may be approved for up to **three (3)** procedures each month.

The owner of the animal will be responsible for any additional surgical fees and expenses (e.g. vaccinations, pre-surgical blood work, surgical complications, etc.). The veterinarian's normal fees for the surgical procedure apply. The veterinarian must inform the owner or agent in writing of any additional procedures with additional charges prior to performing additional services. The DCSP is available to all residents of the state of Georgia. There is no requirement to show economic need to qualify for this program.
