EPA Reg No 93786-2

SLN GA -250005

KEEP OUT OF REACH OF CHILDREN

CAUTION / PRECAUTION

DIRECTIONS FOR USE

- It is a violation of Federal law to use this product in a manner inconsistent with its labelling
- This state-specific Section 24(c) labeling must be in the possession of the user at the time of application.
- Follow all applicable directions, restrictions, and precautions on the EPA registered label for EPA EPA Reg No 93786-2

This Section 24(c) Special Local Needs label permits the use of eFUME Pre-mixed fumigant on non-edible commodities and use of quarantine/regulatory treatment schedules for stink bug control. Follow all use directions, requirements and precautions on the label attached to the product container and included in the eFUME Applicator's Manual.

eFUME is used for treatment of equipment that are not part of the food chain for human consumption and are classed as target risk goods for stink bug incursion which require mandatory treatment as listed in the DAFF Australia and NZ MPI requirements
