For your convenience, a form letter is provided with this memo. This may be copied and used for your complaint letter. Please provide all information requested.

According to the Georgia Seed Law, seed arbitration complaints should be filed in a timely manner to allow field inspection and investigation, if deemed necessary. Upon filing, I further recommend that you contact my office so a field investigation can be initiated to document the problem. Of course, it is always recommended to contact the seed company prior to filing for arbitration in an attempt to resolve the problem.
